ABN 62 009 260 315

Notification under section 708AA(2)(f) of the Corporations Act 2001 (Cth)

GME Resources Limited (ASX Code: GME)

GME Resources Limited (GME) is making a pro-rata non-renounceable entitlement issue (the Entitlement Issue) to eligible security holders with registered addresses in Australia and New Zealand.

The Entitlement Issue is being made on the basis of 1 New Share for every 6 shares held at the Record Date (4 January 2013).

GME confirms that pursuant to section 708AA(2)(f) of the Corporations Act 2001 (Cth) (Corporations Act) that:

1. GME will offer approximately 57,195,899 fully paid ordinary shares for issue without disclosure to investors under Part 6D.2 of the Corporations Act pursuant to a non-renounceable entitlement offer announced to ASX on 17 December 2012.
2. As at the date of this notice, GME has complied with:
 - (a) the provisions of Chapter 2M of the Corporations Act as they apply to GME; and
 - (b) section 674 of the Corporations Act.
3. As at the date of this notice, there is no information:
 - (a) that has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules; and
 - (b) that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of:
 - A. the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
 - B. the rights and liabilities attaching to the shares for issue.

Control

The Entitlement Issue being made by GME will mean up to 57,195,899 New Shares (subject to rounding) are issued. Upon completion of the Entitlement Issue the issued capital of GME Resources Ltd will be approximately 400.3 million ordinary shares.

ABN 62 009 260 315

Control will be affected by the level of applications under the Entitlement Issue. Based on current disclosures made by substantial shareholders in GME:

- (a) the maximum percentage shareholding any existing shareholder could attain through taking up their entitlement would be 32%; and

The final percentage interests held by substantial shareholders of GME Resources is entirely dependant on the extent to which other security holders take up their entitlements. On consideration of the matters summarised above GME expects that the potential effect of the issue of New Shares under the Entitlement Issue on the control of GME will be minimal and that there is not likely to be any consequence of that effect.
