About GME Resources

GME Resources is a Perth-based nickel exploration company focused on the development of its 100%-owned NiWest Project, located in the Leonora district of Western Australia.

GME has the potential to become a top 10-global nickel producer with its NiWest Project resource totalling over 100 million tonnes of ore containing over 1 million tonnes of nickel – making it one of the most exciting undeveloped laterite nickel projects in Australia.

The bankable feasibility study (BFS) is underway for a project capable of supplying 30,000 to 35,000 tonnes of Nickel metal and 1,400 tonnes of cobalt per year.
